

Application form for the doctoral scholarship

of the Bristol Myers Squibb-Stiftung Immunonkologie

PassION | Passion for Immuno-Oncology Doctoral Scholarship

Status: November 2024

0. Instructions

Preparation of application

1. Fill out this application form completely in German or English, depending on your preferences
2. Combine it with all required documents in one PDF document
3. Email the combined document to info@stiftung-io.org (**max. 2 MB**)

Required documents for your application

1. This application form
2. Curriculum vitae
3. Degree certificates
 - University entrance qualification or high school leaving exam, e.g. *Abitur*, A levels
 - Certificates for the first section of the medical examination or equivalent exam (1. Abschnitt der Ärztlichen Prüfung bzw. Äquivalenzprüfung im Modellstudiengang) and subsequent study achievements)
4. Certificate of enrollment (Immatrikulationsbescheinigung)
5. Letter of recommendation from the supervising professor or the professor who supervised a previous research project
6. From the office of matriculation (Immatrikulationsamt) or the dean of your faculty (Studiendekan): an official certificate confirming that you will interrupt your studies and clinical activities for the duration of the fellowship
7. In the case of clinical research, the scientific supervisor must provide evidence that the patient population to be studied already exists or is to be recruited within a maximum of 6 months

1. Applicant's personal details

First name and surname	
Date of birth	
Nationality	
Address	
E-Mail address	
Phone number	
Marital status, number of children (if any)	
Do you suffer from a disability?	

2. Educational background

University entrance qualification / High School Degree (e.g. Abitur)

Institution and place

Date of degree awarded

Final score

First Academic Section

Major field of study and type of degree

Institution and place

Time of enrollment

Final score

Second Academic Section

Major field of study and type of degree

Institution and place

Time of enrollment

Final score

Most relevant research project (Research internship, lab rotation, etc.)

Title

Duration

Key methods applied

Brief description of research project (Max. 800 characters without spaces)

3. Non-scientific activities

Voluntary work / Military service / etc. (description, time period?)	
Periods of vocational/ professional work activity (description, time period?)	
Extended periods of family-related leave (description, time period?)	

4. Intended research project for doctorate

Title of your research project	
Supervisor (title, first name, surname, telephone number and email)	
Institution and place	
Time schedule	
Brief explanation how your research project relates to the field of Immuno-Oncology	
Explanation and declaration of applicant that doctoral project will be experimental and that the studies are interrupted for this purpose	
Please list up to 5 publications of your scientific supervisor (excluding review articles and manuscripts submitted or in preparation) published within the last 5 years in international, peer-reviewed journals Please list authors, year of publication, title of paper, journal name, volume, and page numbers.	

Brief description of doctoral research project (Max. 2000 characters without spaces)

Please provide brief information about:

- Introduction, current status of research, and formulation of problem
- Aim of the research project
- Approaches and methods of investigation
- Relevant preliminary work of the working group. If applicable: your own groundwork (if you have already generated experimental data for your research project)
- Your specific tasks within the project
- Approximate work plan for the project (at least 10 months) with indication of the duration of all important experimental steps

5. Letter of motivation

Max. 2000 characters (without spaces)

Please answer the following question: What drives you to aim for doctoral studies? What are your reasons for choosing the experimental research project and the host laboratory? What are your future plans?

How did you learn about the scholarship? (Friends, colleagues, supervisor, etc.?)

6. Economic circumstances

Please note that the doctoral scholarship can also be granted in exceptional cases if the applicant receives or has received other funding from public or private institutions for the same project.

Source of income (TV-L contract, other scholarships, Bafög, parents, etc.)	Amount of net income per month
Total of all net income:	
Have you applied or do you intent to apply for a grant to another funding source in relation to your doctoral research project? Where?	

7. Bank details required for commencement of scholarship

Account holder name	
IBAN	
BIC	

8. Declaration of consent

I confirm that all information provided by me to the Bristol Myers Squibb-Stiftung Immunonkologie is true. I agree to the electronic storage of data for the purpose of the processing and administration of my scholarship. The Bristol Myers Squibb Stiftung Immunonkologie will protect my personal data in accordance with all applicable laws. Your rights according to DSGVO (German General Data Protection Regulation) apply. For further information please contact us (contact details on the bottom of this page). By signing this form, I agree to immediately notify the Bristol Myers Squibb Stiftung Immunonkologie of any change in the information provided in this application form.

Place and date
